

Ghazala Abuazza, MD, FAAP
Pediatrics

March 17, 2022

To Parents and Guardians of My Dear Patients:

There will soon be a change in my clinic location. My last day to care for my patients at Cypress Clinic will be Friday, **April 1**. Beginning Monday, **April 4**, I will begin caring for patients at Kelsey-Seybold's West Grand Parkway Clinic located at 2510 West Grand Parkway North in Katy (77449). For driving directions and to learn more about my new location, visit kelsey-seybold.com/WGP.

For those who would prefer to continue seeing a pediatrician at Cypress Clinic, **Kemba Black**, MD, FAAP, and **Sharon Pettway**, MD, will provide excellent care. To learn more about Drs. Black and Pettway, you can review their biographies and video profiles by entering their names at kelsey-seybold.com/bios.

I would also like to introduce **Oghenevwirote Akpovwa**, MD, who goes by "Dr. Ro," a pediatrician who will be joining Kelsey-Seybold's medical staff at Cypress Clinic in early April.

Please know that it's a privilege to be entrusted with the healthcare of my patients. I very much look forward to continuing their care at West Grand Parkway Clinic.

Sincerely,

Ghazala Abuazza, MD, FAAP
