To Parents and Guardians of My Dear Patients:

My last day caring for patients as a member of Kelsey-Seybold's medical staff will be Thursday, **Feb. 17, 2022**. Although I am saddened to leave, I know your children will receive excellent care from Kelsey-Seybold's dedicated pediatricians.

Because my young patients' health is so important to me, ***I strongly encourage you to continue their healthcare with one of my outstanding colleagues without interruption.*** For your convenience, I've included brief biographies of some compassionate pediatricians for your consideration. You can review their full bios and video profiles, as well as those of other Kelsey-Seybold physicians, at **kelsey-seybold.com/bios**, where you can search for physicians by name, location, and specialty.

Transitioning to your new Kelsey-Seybold pediatrician is easy. Kelsey-Seybold's electronic medical record system allows patients' medical history to be immediately available to Kelsey-Seybold physicians and medical staff.

If you need a prescription refill before your child's next appointment, ask your pharmacist to call the number on the prescription label. For more refill options, visit **kelsey-seybold.com/pharmacy/prescription-refills**.

If you wish to obtain medical records pertaining to clinical visits with me, you may request them by calling the Medical Records Department at 713-442-5700, and filling out a Release of Healthcare Information Form.

It has been a privilege to have been entrusted with your children's healthcare.

Sincerely,

Tiorra Johnson-Ross, MD
