Family Medicine

Dear Patient,

I am writing to inform you that Friday, January 12, 2024, is my last day with Kelsey-Seybold Clinic. It has been an honor and privilege to be your primary care physician.

Continuing your medical care is important. I encourage you to choose your new physician without delay.

Kelsey-Seybold will make every effort to ensure there is little interruption in your medical care. I have included brief biographies on physicians who welcome new patients. You can view these physicians' online profiles at **kelsey-seybold.com/bios**, where you can search for physicians by name, clinic location, medical specialty, and languages spoken.

If you would like help in selecting your new Kelsey-Seybold primary care physician, call our Patient Help Line at 713-442-1233. If you are a KelseyCare Advantage member, call KCA Member Services at 713-442-2273 for help in selecting your new primary care physician. You can call both lines on weekdays between 8 a.m. and 5 p.m.

Transitioning your care to a Kelsey-Seybold primary care physician is easy, and once you transition your care, your new primary care physician will have immediate access to your medical history and notes.

If you wish to seek care outside of Kelsey-Seybold, you will need to obtain your medical record by calling the Medical Records Department at 713-442-5700 and filling out a Release of Healthcare Information Form.

For prescription refills before your next appointment, ask your pharmacist to call the number on your prescription label, or visit **kelsey-seybold.com/prescriptionrefills**.

Best wishes for your continued health.

Sincerely,

Jason Wang, MD
