

Joseph Salinas, MD
OB/GYN

February 1, 2024

Dear Patient,

I'm writing to let you know that I will be relocating my practice with Kelsey-Seybold. **Temporarily, beginning Monday, February 12**, I will begin seeing patients at our new **Rice Village Clinic**, where our Woman's Center will be relocating. Then, effective **Monday, March 4**, I will permanently relocate to our **River Oaks Clinic**.

From our Woman's Center, **Kelsey-Seybold Clinic – Rice Village** is located less than three miles away at **2414 University Blvd., Suite 200**. Our **River Oaks Clinic** is located at **2040 West Gray St., Suites 120 and 200**, at the corner of S. Shepherd Drive in the historic River Oaks Shopping Center, just over five miles away.

Any appointments you make with me on February 12 through March 1 will be at our new Rice Village Clinic location, while appointments you make with me on or after March 4 will be at our River Oaks Clinic.

In addition to OB/GYN care, our River Oaks Clinic offers access to primary care, Dermatology, and Orthopedics, as well as on-site diagnostic services, including laboratory, EKG, and X-ray. Free parking is also available in the covered parking garage.

I appreciate the trust you have placed in my care over the years, and I look forward to ultimately caring for you at our beautiful location in the heart of River Oaks. Find driving directions and clinic information about Kelsey-Seybold Clinic – River Oaks at kelsey-seybold.com/RiverOaks.

Sincerely,

Joseph Salinas, MD
