

Welcome to Kelsey-Seybold Clinic – Huntsville!

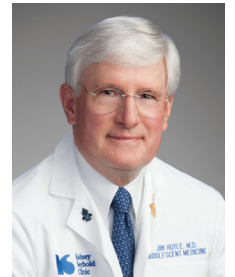

August 1, 2023

Dear Huntsville Pediatric & Adult Medicine Associates Patient:

Kelsey-Seybold Clinic is pleased to welcome Huntsville Pediatric & Adult Medicine Associates to our team, effective August 1, 2023. Huntsville Pediatric & Adult Medicine is renowned as one of the premier medical groups in the region, and has been delivering compassionate, quality care to their patients for more than 33 years. It is truly an honor to join forces with this incredible team and support their practice in both the near and long term.

We understand that with any change, there can be uncertainties and, of course, questions. We want you to know that your doctors will continue to be here for you, and that by teaming up with Kelsey-Seybold, patients and residents in the area will have access to more medical services, conveniences, and care coordination.

Although Kelsey-Seybold Clinic is new to Huntsville, we have a 75-year legacy of caring for patients across the Greater Houston area – from Lake Jackson to Baytown, Katy to Conroe – and now Huntsville! Our care model makes it easy for residents like you to get the medical care you need by bringing together primary care, specialty care, and on-site laboratory, diagnostics, and imaging services.
