

Welcome...

 **Kelsey-Seybold Clinic®**

Your Doctors for Life

... to the men and women who serve Harris County every day - and your families.

*• We're honored •
To serve
you.*

Welcome back to convenience and the caring doctors you know and trust as part of the Kelsey-Seybold family.

If you work for Harris County, your Kelsey-Seybold doctors are now “in network” in your Harris County (Cigna) Health Plan. This means you can see any Kelsey-Seybold doctor at any of our 20 convenient locations.

We have more ways
To care for you.

You may be surprised to learn we've built beautiful new locations throughout the Greater Houston area, expanding our services to serve you better. We offer more specialties, more diagnostic services and more on-site conveniences like labs and pharmacies – under one roof.

We're here for you and your family.

We understand your time is valuable. The MyKelseyOnline app makes it easy to schedule appointments, view test results as soon as they are available, and communicate with your doctors. Of course you can still call our 24/7 Contact Center and speak to one of our appointment coordinators to schedule a visit. And if it's after regular business hours or a holiday and you need medical advice, call our After-Hours Nurse Hotline at 713-442-0000 and speak to a Kelsey-Seybold registered nurse.

Tally P. trusts Kelsey-Seybold to care for her family.

"I have three children and don't have a lot of free time, so the opportunity to talk to a Kelsey-Seybold nurse day or night and use the MyKelseyOnline app on my phone to schedule an appointment for my children the minute I hear a sniffle is such a convenience."

Our family of physicians
welcomes you.

Our physicians, or “family” as we like to say, are truly connected. This highly trained and experienced team of physicians and specialists communicate with one another and have access to every patient’s secure Electronic Medical Record. So, if a Kelsey-Seybold OB/GYN delivers your baby, your Kelsey-Seybold pediatrician already knows you – and your family’s medical history.

Searching for a pediatrician?

Did you know you can schedule a complimentary “Get Acquainted” visit with a Kelsey-Seybold pediatrician today? You can!

CALL 713-442-MOMS (6667).

Holli Smith, M.D., OB/GYN (left), delivered Alexis’ son Lorenzo, who is now cared for by Erin Eckhart, M.D., Pediatrics.

*Come by
for a visit.*

Your health is our No. 1 concern.

An important part of maintaining good health is having a primary care physician you can trust and getting regular preventive checkups.

During your visit, your doctor will review your medical history, make sure your immunizations are up to date and may order lab tests. Your checkup is also a great time to speak with your doctor about any health concerns you might have.

We know life gets busy, which is why we're here for you 24/7. When you're ready to schedule your visit, you can reach us by phone or online.

713-442-0000 • kelsey-seybold.com

Whether you haven't visited us in a few years, or this is your first visit, we're excited to welcome you to Kelsey-Seybold Clinic.
