

Esther Jonas, DPM
Podiatry

December 3, 2021

To My Patients:

I am resigning from the Kelsey-Seybold Clinic after more than 22 years. My last day to care for patients as a member of the medical staff will be **Jan. 3, 2022**. I want to send a message of thanks and gratitude for allowing me to be a part of your healthcare.

Transitioning to your new podiatrist will be easy. Kelsey-Seybold's electronic medical record system allows your records, including any notes I've made regarding your future care, to be immediately available to other Kelsey-Seybold physicians and medical staff.

Kelsey-Seybold has excellent podiatrists, who will make every effort to help ensure your podiatric needs are met with as little interruption as possible. I've included their biographies for your consideration. To view their complete biographies, including video profiles, visit **kelsey-seybold.com/bios** and enter their names.

If you wish to obtain your records pertaining to clinical visits with me, you may request them by calling the Medical Records Department at 713-442-5700 and filling out a Release of Healthcare Information Form.

I appreciate the privilege of having known you.

Sincerely,

Esther Jonas, DPM
