Family Medicine
Clear Lake Clinic

December 30, 2021

To My Dear Patients:

After 27 years caring for patients as part of Kelsey-Seybold's medical team, I am retiring. My last day to care for patients at our Clear Lake Clinic will be **Monday, Jan. 31, 2022**.

It has been a privilege to be your Primary Care Physician, and I want you to rest easy knowing that my trusted Adult Medicine colleagues at the Clear Lake Clinic are here for you.

Your healthcare needs are incredibly important to me. It's my advice based on decades of practicing medicine that you should have a Primary Care Physician to help keep you healthy and treat issues before they become serious. I strongly encourage you to select one of my outstanding colleagues as your new Primary Care Physician.

For your convenience, I've included brief biographies of my colleagues in this letter. You can also review their full bios and videos at kelsey-seybold.com/bios, where you can search for a physician by name, location, and specialty.

Transitioning to your new Kelsey-Seybold Primary Care Physician is very easy. Kelsey-Seybold's electronic medical record system allows your medical history and any notes I've made regarding your care to be immediately available to any Kelsey-Seybold physician and medical staff.

If you would like personalized assistance in choosing a new Kelsey-Seybold Primary Care Physician, we're happy to help! Call us at 713-442-1233 between 8 a.m. and 5 p.m. Monday through Friday.

If you wish to obtain your records pertaining to clinical visits with me, you may request them by calling the Medical Records Department at 713-442-5700 and filling out a Release of Healthcare Information Form.

It has been my privilege to have been entrusted with your healthcare. I wish you the very best in the future.

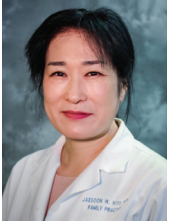

Sincerely,

Meena Eswaran, MD, FAAFP
